

Our Medical Escorts provide safety and comfort for anyone traveling with medical concerns, including:

- **Frequent Falls** - Medical Escorts provide the safety and security to travel when steady feet are not guaranteed, while ensuring that travel is dignified and respects the independence of the client.
- **Chronic Health Conditions** - Our highly trained Medical Escorts are equipped with the knowledge and experience to handle non-emergent chronic medical conditions, making client travel as stress-free as possible.
- **Medical Equipment & Devices** - While medical devices are a normal part of life, they can feel prohibitive to patients who rely on them. SALA believes such clients need not sacrifice their independence and ability to travel confidently.
- **Before and After Procedures** - A Medical Escort will provide peace of mind, assuring that any movement or activity restrictions put in place due to recent procedures will be followed. SALA Medical Escorts are experienced in supporting comfortable travel while making sure the client's medical limitations are respected.

Easy as 1-2-3!

### 1 - Identify a Need

Medical Transport is needed when traditional methods of travel are medically appropriate but inconvenient, cost prohibitive, or non-inclusive. A primary care provider may suggest such a service.

### 2 - Call SALA Medical

Our friendly and professional staff will coordinate with the patient or their representative and medical providers to determine safe and efficient travel needs.

### 3 - Carefree Travel

SALA Medical Escorts will support clients' needs with excellence, safety, and with customer service as a top priority from door-to-door.

*"Our First Priority Is You!"*
